Apple Canada Inc.
EDUCATION NATIONAL STANDING OFFER
Terms & Conditions of Sale

SCOPE. Apple Canada Inc. ("Apple") sells Apple products to, among others, non-profit institutional purchasers. As a condition of ordering any of the Apple product shown on the opposite page, the party ordering product ("Education Buyer" or "Buyer") represents and warrants to Apple that it (and any other related party approved by Apple as an eligible purchaser) is a non-profit institutional purchaser.

If Education Buyer has any current purchase agreement with Apple (e.g. an Apple Authorized Higher Education Reseller Sales Agreement, or similar agreement), then the terms and conditions of such agreement shall apply to sales of product. If no such current agreement with Apple exists, then the terms and conditions contained herein ("Terms & Conditions of Sale") shall apply to all quotations made and contracts of sale entered into between Apple and Buyer, and Buyer shall be deemed to have accepted these Terms & Conditions of Sale by placing with Apple an order for Apple product whether by purchase order or online.

ELIGIBLE BUYER. By purchasing under these Terms & Conditions of Sale, Buyer represents and warrants that Buyer is aware of and meets all of the criteria established by Apple to be an eligible purchaser. To purchase from Apple's Education Purchase Program ("EPP") Price List, an eligible purchaser includes only non-profit educational institutional buyers who are provincially accredited and who issue degrees or diplomas, including school districts and their public and separate school systems, Boards of Education, provincial universities and colleges, and community, vocational and technical colleges. Apple reserves complete discretion in making all eligibility determinations.

PRICE. Prices shall be as set forth on the applicable Confidential EPP Price List in effect on the date the Buyer's order is accepted by Apple. Prices include freight and insurance using an Apple-selected carrier.

TAXES. All applicable sales and/or use taxes, duties and other imposts, if any, due on account of purchases hereunder shall be paid by Buyer. Proof of tax exempt status must be on file at Apple for any order to be treated as a tax exempt transaction.

MINIMUM ORDER REQUIREMENT. Apple may, without prior notice to Buyer, establish minimum requirements for the volume of Product ordered at one
time, and may establish handling charges for orders that fall below such minimum order levels.

TITLE AND DELIVERY. (a) Apple reserves the right to accept or reject, in whole or in part, any order submitted by Buyer.
(b) Title and risk of loss to all Product will pass to Buyer upon shipment from Apple's shipping location. For Products shipped pursuant to Apple's standard practices in all but the last week of every Apple fiscal quarter during the term of this Agreement, Apple will issue credits or replace Products returned due to damage in transit or that are lost in transit.For Products shipped pursuant to Apple's standard practices in the last week of every Apple fiscal quarter during the term of this Agreement, Apple will not issue credits or replace Products returned due to damage in transit or that are lost in transit. Instead, Apple will provide third-party insurance for damaged or lost Products with Buyer named as the loss payee. When not shipping Products pursuant to Apple's standard practices but instead shipping via a carrier selected by Buyer, Apple will not issue credits or replace Products returned due to damage in transit or that are lost in transit.

(c) Apple will use reasonable efforts to ship according to Buyer's request, but will not be responsible or liable for any failure to do so or any failure to meet a proposed delivery date. Should orders for product(s) exceed Apple's available inventory, Apple will allocate its available inventory and make deliveries (including partial shipments) in its sole discretion and without liability.

PAYMENT. (a) All orders shall be prepaid by Buyer, unless credit is first extended by Apple.

(b) If credit is extended by Apple, Buyer shall be invoiced upon shipment of product and Buyer shall pay each invoice no later than THIRTY (30) DAYS from the date of invoice. Upon Apple's request, Buyer shall provide financial statements to Apple. Apple reserves the right to change credit terms at any time, for any reason, without prior notice. Time of payment is of the essence. All payments shall be in Canadian funds.

(c) If in the judgment of Apple, the financial condition of Buyer at any time does not justify delivery on the terms of payment above specified, Apple may require full or partial payment in advance. If Buyer becomes insolvent, or bankruptcy or other debtor's relief proceedings are instituted by or against Buyer, or Buyer makes an assignment for the benefit of its creditors or is unable to meet its obligations as they come due, any such event shall be deemed a material default hereunder, entitling Apple to cease performance under these Terms & Conditions of Sale and to avail itself of all legal and equitable remedies it may have against Buyer.

DEFAULTS. In the event of any default by Buyer, Apple may decline to make further shipments without in any way affecting its rights under these Terms & Conditions of Sale. The due date of all Apple invoices shall be accelerated so that they become due and payable immediately, even if longer terms had been provided previously. If despite any default by Buyer, Apple elects to continue to make shipments, Apple's action shall not constitute a waiver of any default by Buyer or in any way affect Apple's legal remedies as a result of any such default.

RETURNS (RMA's). Please note that Apple only permits the return of unopened products due to
an Apple shipping or order processing error and that all other sales are final. All requests for return must be approved by Apple's Sales Support
Organization. Product damaged in transit or shipping errors should be reported immediately to Apple. Product requiring repairs should be directed
to an authorized Apple Service Provider unless you are a Self-Servicing Customer. Product deemed dead on arrival ("DOA") may be returned without a
restocking fee. An RMA number must be obtained from Apple within ten (10)
days of receipt for any product being returned. Product must be returned to
Apple within thirty (30) days of an RMA number being issued. Please refer to
Apple's Sales Support Organization for full details regarding RMA policy.

SHORTAGES, DEFECTIVE OR INCORRECT PRODUCTS. All claims for shortages, defective or incorrect products must be filed by Buyer with Apple within ten (10) days of receipt of shipment.

SOFTWARE RIGHTS. (a) Buyer acknowledges that Apple products often contain not only hardware but also software. Software may be provided on separate media, such as CD-ROM, or may be included

within the hardware. Such software is proprietary, is copyrighted, and may also contain valuable trade secrets and be protected by patents. Buyer, as an end user, is licensed by Apple directly to use any Apple software contained in such product, subject to the terms of the license accompanying the product, if any, and the applicable patent, trademark, copyright, and other intellectual
property, federal and provincial laws of Canada.

(b) Unless Buyer has obtained Apple's prior written consent, Buyer, in addition to any obligations or restrictions set forth in any license which may accompany a product, shall not copy the software, except to backup or for
archival purposes, and Buyer shall promptly affix to any such copy the same proprietary and copyright notices as were affixed to the original. Buyer shall not disassemble, decompile, reverse engineer, copy, modify, prepare derivative works thereof, or otherwise change any of the software or its form.

NO RESALE. Products purchased shall be for Buyer's own use in its facilities in Canada and shall not be purchased for the purpose of resale to another entity or individual.

NO EXPORT. Products may not be purchased for export, either directly or indirectly.

ASSIGNMENT. Buyer shall not assign these Terms & Conditions of Sale, or any interest therein, or any rights hereunder without the prior written consent of Apple.

CONTROLLING LAW. The validity, construction, and performance of these Terms & Conditions of Sale shall be governed by and construed in accordance with the laws of the Province of Ontario, without giving effect to its conflict of law provisions. In the event that any provision of these Terms & Conditions of Sale is held by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions of these Terms & Conditions of Sale shall remain in full force and effect and construed so as to best effectuate the intention of the parties. The parties agree that the exclusive jurisdiction and venue for any action relating to these Terms & Conditions of Sale shall be the courts of the Province of Ontario, and each of the parties hereby submit to the exclusive jurisdiction and venue of such courts for any such action.

TERM AND TERMINATION. Unless sooner terminated as provided herein, these Terms and Conditions of Sale shall be in effect until further notice. The parties agree that neither party shall be obligated to renew or extend these terms and conditions.

MODIFICATIONS. Apple may unilaterally modify any of its policies, procedures and programs on thirty (30) days notice to Buyer. No attempted addition to, deletion from, or modification of any of the provisions of these Terms & Conditions of Sale by Buyer shall be binding on Apple unless it is in writing and signed by an authorized representative of Apple. Apple's failure to object to any term or condition contained in any communication from Buyer shall not be deemed a waiver of any provision herein. Any waiver by either party of any provision of these Terms & Conditions of Sale shall not be deemed to be a waiver of any other provision of these Terms & Conditions of Sale, or a continuing waiver, but shall apply solely to the instance to which the waiver is directed.

LIMITED WARRANTY. The warranty for products purchased from Apple under these Terms and Conditions of Sale shall be the standard limited warranty as set forth in the documentation which accompanies each product.

APPLE MAKES NO OTHER WARRANTY TO BUYER, EITHER EXPRESS OR IMPLIED, WITH RESPECT TO ANY APPLE PRODUCTS PURCHASED HEREUNDER. APPLE SPECIFICALLY DISCLAIMS THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

No Apple dealer, agent or employee is authorized to make any modification, extension or addition to this warranty.

LIMITATION OF LIABILITY. IN NO EVENT SHALL APPLE BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, INDIRECT OR SPECIAL DAMAGES INCLUDING, WITHOUT LIMITATION, LOST BUSINESS PROFITS OR REVENUE, DOWNTIME, GOODWILL, DAMAGE TO OR REPLACEMENT OF EQUIPMENT AND PROPERTY, COSTS OF RECOVERING, REPROGRAMMING OR REPRODUCING ANY PROGRAM OR DATA STORED IN OR USED WITH APPLE PRODUCTS. DIRECT DAMAGES SHALL BE LIMITED TO AN AMOUNT NOT TO EXCEED $100,000**.** This limitation is a critical element of the parties' bargained-for consideration and will be effective even in the event Apple is informed in advance of the possibility of such damages.

LIMITATION OF REMEDIES. THE REMEDIES SET FORTH IN THESE TERMS AND CONDITIONS OF SALE SHALL BE BUYER'S SOLE AND EXCLUSIVE REMEDIES FOR ANY BREACH OF THIS AGREEMENT BY APPLE.

ENTIRE AGREEMENT. These Terms & Conditions of Sale contain all the agreements, warranties understandings, conditions, covenants and representations made between Buyer and Apple. Neither Buyer nor Apple shall be liable for any agreements, warranties, understandings, conditions, covenants or representations that are not expressly set forth in these Terms & Conditions of Sale. Any different or additional terms or conditions in any purchase order, invoice or other such document submitted by Buyer are hereby expressly rejected by Apple and shall have no force or effect whatsoever and Apple specifically rejects any different or additional terms or conditions proposed by Buyer.

PowerMac G5 Products

The new Power Mac G5 product line features dual 2.7 GHz, dual 2.3 GHz, and dual 2.0 GHz, PowerPC G5 processors. Dual processor configurations feature dual independent frontside buses running at 1.35 GHz, 1.15 GHz, and 1.0 GHz respectively. All systems come standard with 512MB of RAM and feature a 400 MHz, 128-bit DDR memory interface that uses PC3200 DDR SDRAM. The dual 2.7 GHz and dual 2.3 GHz models have 8 DIMM slots for memory expansion up to 8 GB, and the dual 2.0 GHz model has 4 DIMM slots for up to 4 GB of memory expansion. The dual 2.7 GHz and dual 2.3 GHz configurations feature 3 open PCI-X slots (one 133 MHz, 64-bit slot and two 100 MHz, 64-bit slots) for 2 GB per second of PCI bandwidth. The dual 2.0 GHz configuration features 3 open PCI slots (all 64-bit, 33 MHz). All Power Mac G5 systems feature an AGP 8x Pro graphics slot. The dual 2.7 GHz model comes standard with the ATI Radeon 9650 graphics card with 256MB of DDR SDRAM and built-in support for one 30- inch Apple Cinema HD Display. The dual 2.3 GHz and dual 2.0 GHz configurations come standard with the ATI Radeon 9600 graphics card with 128MB of DDR SDRAM. Power Mac G5 systems come standard with a 16x double-layer capable SuperDrive for both DVD and CD media authoring and data archiving, and feature two 3.5-inch hard drive bays (1 occupied) utilizing fast Serial ATA for up to 800 Gigabytes of internal mass storage. All models feature one FireWire 800 port, two FireWire 400 ports (one on front), 3 USB 2.0 ports (one on front), 2 USB 1.1 ports on the keyboard, a front headphone jack, optical digital audio input and output ports, and analog audio line-in and line-out ports. All models include Apple Keyboard, Apple Mouse, USB keyboard extension cable, a DVI to VGA adapter, AirPort antenna, Mac OS X version 10.4 “Tiger”, Dashboard, Mail, Safari, iChat AV, Address Book, QuickTime, iLife (includes iTunes, iPhoto, iMovie, iDVD, and GarageBand), iCal, DVD player, Classic environment, Art Directors Toolkit X, GraphicConverter, Microsoft Office 2004 for Mac Test Drive, OmniGraffle, OmniOutliner, QuickBooks New User Edition, Zinio Reader, Xcode Developer Tools, and other bundled Mac OS X software.

Alberta Advance Disposal Surcharge

Alberta's Electronics Recycling Program - Advanced Disposal Surcharge (ADS)

Beginning February 1, 2005, all suppliers are required to begin collecting a recycling fee, the Advance Disposal Surcharge (ADS), from end-user customers on the sale of new desktop computers and related equipment.

NOTE: It is important that you select the appropriate recycling fee at time of ordering as it may delay the processing of your order. Apple Canada Inc. reserves the right to charge the Alberta recycling fee in the event that the customer does not incorporate the fee on their order.

For more information please go to www.albertarecycling.com

AppleCare Protection Plan Products

AppleCare Protection Plan

The AppleCare Protection Plan is a comprehensive service and support plan that extends telephone support from 90 days to up to three years and adds two years of hardware repair coverage to the one-year limited warranty, including onsite service for desktop computers (Onsite service is not available in all locations). It also includes powerful diagnostic tools (TechTool Deluxe from Micromat) and provides dedicated access to web-based support resources. The AppleCare Protection Plan Terms and Conditions are available on Apple's website: http://www.apple.com/ca/support/products/proplan.html

AppleCare Protection Plan - Auto Enrollment

Choose AppleCare Protection Plan Auto-Enrollment if you're also buying the computers to be covered. Be sure that each purchase order has the same number of computers as Auto Enrollment options. Upon receipt of your purchase order, Apple will enroll each computer in the plan, and then mail you a proof-of-coverage certificate as well as an AppleCare Protection Plan CD and Quick reference guide.

AppleCare for Xserve

The AppleCare Premium Service and Support Plan provides 3 years of up-and-running email and telephone support and onsite hardware service when purchased with Xserve. If your Xserve goes down, Apple's technical support experts will work to get your system up and running quickly. The plan includes: 24/7 up-and-running email and phone support with 30 minute response time, and 4 hour onsite response for hardware repairs during business hours, and next day onsite response for hardware repairs after business hours. Onsite response time and availability of onsite service depend on your location. For details about the AppleCare Premium Service and Support Plan, including availability of onsite service in your area, visit www.apple.com/support/products/premium

AppleCare for iPod

The AppleCare Protection Plan for iPod extends your iPod's 90 days of complimentary support and one-year warranty to up to two years of world-class support from the original purchase date of your iPod. The Plan includes expert telephone assistance for both iPod and iTunes, global repair or replacement coverage for iPod and its included accessories (excluding the carrying case) and comprehensive web-based support resources. The AppleCare Protection Plan for iPod Terms and Conditions are available on Apple's website.

AppleCare Protection for iPod - Enrollment Kit

Each plan includes a Quick Reference Guide, the plan's terms and conditions, and instructions for enrolling the iPod for coverage. Coverage is not activated until after you enroll. Please note that to be eligible, the iPod must be under its original one-year warranty.

AirPort Wireless Products

M9470LL/A	AirPort Express Base Station 54Mbps wireless access point, 1 Ethernet port to connect to a DSL or cable modem or local Ethernet network, one USB port to share a Printer wirelessly, and one 3.5 mm audio jack that supports both analog and digital optical sound. With AirPort Express it is possible to play iTunes music over a wireless network to a stereo or powered speakers using AirTunes. AirPort Express supports both Mac and PC. AirPort Express has a built-in power supply and uses the standard Apple duck heads to plug into a power source. The following software is included: AirPort Express Assistant and AirPort Admin Util. Minimum system requirements to run the software: Mac OS X 10.3 or later, Windows XP, and Windows 2000 Minimum requirements to access the wireless network are: an AirPort or AirPort-Extreme enabled Macintosh or 802.11b or 802.11g wireless PC. Product ships with an AirPort Express and power adapter for local use.	145
M9573LL/A	AirPort Express Stereo Connection Kit with Monster cables Includes AirPort Express power extension cable with local power adapter (1.87 m), mini stereo to dual RCA Monster cable (2 m), and mini optical digital to digital Toslink Monster cable (2 m)	39
M9397LL/A	AirPort Extreme Base Station (with Power over Ethernet and UL 2043) AirPort Extreme is the next-generation wireless networking solution from Apple. This AirPort Extreme Base Station is specifically designed for use in education and business campus-wide networks. Based on the high-speed wireless technology called 802.11g, it enables you to achieve data rates nearly 5 times faster than the original AirPort. This Base Station also provides Power over Ethernet and can be used in Air-Handling spaces, two key features for flexible campus wide wireless deployments. AirPort Extreme Base Stations also support AirPort-enabled and AirPort Extreme-enabled Mac computers, as well as Windows PCs with Wi-Fi certified 802.11b or Wi-Fi certified 802.11g solutions. This product ships with AirPort Client Monitor and AirPort Management Utility, two applications designed to make campus-wide wireless management efficient and cost effective.	299
M8799LL/A	AirPort Extreme Base Station (Modem/Anten) 54 Mbps wireless access point with 56K v.90 modem**, 2 Ethernet ports, a built-in firewall, a USB port for USB Printer and an external antenna port. There are two Apple certified third party external antennas available. The following software is AirPort Setup Assistant and AirPort Admin Utility and is compatible with Mac OX 10.1.5 or later. Also includes a wall mount bracket, AC power adapter and telephone cord. AirPort Extreme is compatible with all versions of NOTE: Wireless Internet access requires AirPort Card, AirPort Base Station, and Internet access (fees may apply). Some ISPs currently compatible with AirPort. **Actual modems speeds lower ****Speeds higher than 11 Mbps are achievable with an AirPort Extreme enabled computer and an AirPort Extreme Base *****Wireless Printing to a USB Printer attached to the base station requires Mac OS X 10.2.3 or later	225
M8881LL/A	AirPort Extreme Card Compatible with AirPort Extreme Base Station. The Airport Exrtreme Card is also fully compatible with all versions of AirPort. It is possible to join any AirPort or any Wi-Fi certified 802.11b wireless network	89

Apple Training

Apple Training offers leader-led instruction on the Macintosh operating system, as well as Apple products, technologies, tools, and applications. Apple courses are at Apple training facilities or as onsite classes at customer locations. Onsite classes are available as (1) Standard Onsite for a maximum of 16 students based on a flat fee; or (2) Coordinated Onsite for a minimum of 12 students based on a per student fee with a maximum of 16 students. Coordinated Onsites enable customers to pay by multiple purchase orders when students from various departments or schools attend an onsite class at the same location. For more information visit http://apple.com/ca/training or call 800-848-6398.

Mac OS X v10.3 "Panther" and Mac OS X Server v10.3 Training

Apple Education Volume Licensing Software

•Purchase of Upgrades requires proof of previous versions or qualifying competitive products.
•Tier level and pricing are based on the cummulative total of all software items ordered. For example; 50 units of OS X, plus 50 units of AppleWorks puts the order at 100+ tier. Each software item is then priced at the 100+ tier accordingly.
•Media Sets, Doc Sets and Technical support are not counted in determining tier level.
•All prices are per seat or per unit.
•Media and Doc sets are not included in license fee. The number of sets available for purchase is limited to the number of licenses purchased.
•Software contains electronic documentation.
•Software Maintenance updates will be shipped as a single media set. Additional sets must be purchased.
•The number of sets available for purchase is limited to the number of licences purchased.
•Media sets, doc sets or technical support are not counted in determining tier level.
•Products and prices listed are subject to availability and are subject to change without notice.
